ENTERPRISE AND ENGAGEMENT

Creator of Chopping Board Economics a pop-economics YouTube channel, <https://www.youtube.com/channel/UCy4c9qJAd-MW3FuI-q1GeyA>

Blogger on my personal blog: Occams E-razor

Writings have been cited in Spectator, Le Monde, The Scotsman, and other smaller outlets

TEACHING

Modules designed and taught

Business decisions: from cause to effect (BSc) - an undergraduate module on causal inference methods

Competition and Consumer Policy (BSc) - an undergraduate module on topical policy matters

International Economic Environment (MBA) - a general MBA module on the principles of economics

Business and Economic Environment (BSc) - an undergraduate module to create the foundations of

studying economics

Economics for Business (BSc)

International Business (BSc)

Business and Company Law (BSc)

Legal Issues in Business (BSc)

Current PhD Students

Zita Vasas (subject area: Consumer search and obfuscation) - ongoing (part-time)

Marcos Lyra (subject area: Antitrust policy, innovation and digital markets) - ongoing

ADDITIONAL SKILLS AND QUALIFICATIONS

Working knowledge of Python, R, Stata, Matlab

University of Michigan: Applied Data Science with Python Specialization: Introduction to Data Science in Python, Applied Plotting, Charting & Data Representation in Python, Applied Machine Learning in Python, Applied Text Mining in Python, and Applied Social Network Analysis in Python

Coursera: Deep Learning Specialisation: Neural Networks and Deep Learning, Hyperparameter tuning, Regularization and Optimization, Structuring Machine Learning Projects, Convolutional Neural Networks, Sequence Models

Udemy: Machine Learning, Neural Networks and Deep Learning, Text mining and Natural Language Processing

Coursera: Machine Learning with TensorFlow on Google Cloud Platform Specialization (currently attending)

Languages: Hungarian (mother tongue), English (bilingual), French (good)
